

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

The Group's revenue increased from approximately HK\$197.3 million for the nine months ended 31 December 2020 to approximately HK\$199.0 million for the nine months ended 31 December 2021, representing an increase of approximately 0.9% between the two periods, which was mainly due to the commencement of more projects with larger contract sum during the nine months ended 31 December 2021.

Cost of Sales

The Group's cost of sales decreased from approximately HK\$172.4 million for the nine months ended 31 December 2020 to approximately HK\$170.4 million for the nine months ended 31 December 2021, representing a decrease of approximately 1.2% between the two periods, which was mainly attributable to the decrease in subcontracting charges and construction material costs.

Gross Profit

The Group's gross profit increased by approximately HK\$3.7 million from approximately HK\$24.9 million for the nine months ended 31 December 2020 to approximately HK\$28.6 million for the nine months ended 31 December 2021. The overall gross profit margin increased from approximately 12.6% for the nine months ended 31 December 2020 to approximately 14.4% for the nine months ended 31 December 2021 as the projects undertaken by the Group during the nine months ended 31 December 2021 generally had a higher gross profit margin, as a result of the decrease in subcontracting charges and construction material costs, as well as the slight increase in revenue for the nine months ended 31 December 2021.

Other Income

The Group's other income decreased by approximately HK\$2.1 million from approximately HK\$2.2 million for the nine months ended 31 December 2020 to approximately HK\$0.1 million for the nine months ended 31 December 2021. Other income for the nine months ended 31 December 2020 primarily comprised the subsidy income received from the Government of the HKSAR under the Employment Support Scheme. The Group did not receive the same for the nine months ended 31 December 2021.

Other Expenses

The Group's other expenses represented the professional fees incurred for transfer of listing (the "**Transfer of Listing**") during the period.

Administrative Expenses

The Group's administrative expenses increased by approximately HK\$3.0 million or 33.7% from approximately HK\$8.9 million for the nine months ended 31 December 2020 to approximately HK\$11.9 million for the nine months ended 31 December 2021.

Such increase was mainly attributable to the increase in remuneration paid to directors as the temporary 30% salary reduction of the two executive Directors during the nine months ended 31 December 2020 was ended in March 2021.

Finance Costs

The Group's finance costs increased by approximately HK\$0.3 million or 21.4% from approximately HK\$1.4 million for the nine months ended 31 December 2020 to approximately HK\$1.7 million for the nine months ended 31 December 2021. It was mainly due to the increase in usage of loan settlement for trade payables and factoring loan during the nine months ended 31 December 2021.

Income Tax Expense

The Group's income tax expense increased by approximately HK\$0.1 million or 4.5% from approximately HK\$2.2 million for the nine months ended 31 December 2020 to approximately HK\$2.3 million for the nine months ended 31 December 2021.

Profit and Total Comprehensive Income for the period attributable to the owners of the Company

Profit for the period attributable to the owners of the Company decreased by approximately HK\$0.6 million or 4.7% from approximately HK\$12.8 million for the nine months ended 31 December 2020 to approximately HK\$12.2 million for the nine months ended 31 December 2021.

Such decrease was primarily attributable to the net effect of (i) the increase in revenue and gross profit for the nine months ended 31 December 2021; (ii) the decrease in professional fees incurred for the Transfer of Listing; (iii) the decrease in other income relating to the subsidy income; and (iv) the increase in the administrative expenses incurred by the Group for the nine months ended 31 December 2021.

The total comprehensive income for the period attributable to the owners of the Company increased by approximately HK\$1.7 million or 13.3% from approximately HK\$12.8 million for the nine months ended 31 December 2020 to approximately HK\$14.5 million for the nine months ended 31 December 2021.

Such increase was attributable to the revaluation of property upon transfer to investment property during the nine months ended 31 December 2021.

Since the first confirmed case of COVID-19 in Hong Kong was reported in January 2020, the Directors have been closely monitoring the development of the outbreak of COVID-19 (the "**Pandemic**") and keeping communication with the Group's customers, suppliers and subcontractors proactively and regularly to ascertain whether the Pandemic would lead to (i) any significant impact on the status or progress of ongoing projects; and (ii) any supply shortages on construction materials and labour resources.

In view of the ongoing Pandemic, the Directors have implemented the following policies to minimise the impact of the Pandemic on the Group's business operations:

- (i) to discuss and prepare the contingency plans during the planning stage of projects. The contingency plans would generally include the assignment of alternate personnel to replace any project team members in the event they have any respiratory symptom, and the details of alternate suppliers and subcontractors;
- (ii) to avoid shortage in supply of construction materials due to temporary closure of the suppliers' production facilities, transportation constraints or any disruption of the supply chain of construction materials, the Group would obtain more quotations from different suppliers for back-up purpose; and
- (iii) to ensure sufficient labour resources, the Group would obtain more quotations from different subcontractors for back-up purpose.

In addition, in response to the Pandemic, the Group have implemented the following precautionary measures:

- (viii) arrange laptops with remote access for employees who work from home;
- (ix) request subcontractors to withdraw their staff who travelled outside Hong Kong and returned to Hong Kong;
- (x) provide publicity materials on prevention of COVID-19 for all staff members;
- (xi) keep close communication with any staff at work sites who has been confirmed positive for COVID-19; and
- (xii) monitor and keep track of the development of the Pandemic in Hong Kong and update the Group's staff.

During the nine months ended 31 December 2021, none of the projects had been subject to significant delay or suspension of work due to the Pandemic. Notwithstanding that the Pandemic has slowed down the overall economy in Hong Kong, the Group's operations and financial performance had not been materially affected by the Pandemic. The Directors will continue to closely monitor the latest development of the Pandemic and assess and respond to its impact on the Group's results of operations, cash flows and financial condition.
